

Which Product?

Cows and sheep make so many everyday items, Draw a line between the animal and its product and add any others you can think of. Can any of them come from both?

On the Farm Wordsearch

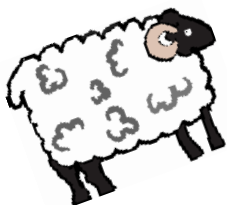

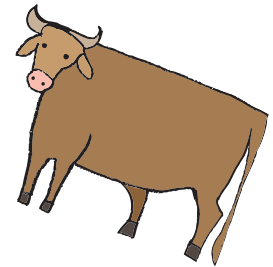

Farms are full of things that you may not have heard before.

Get to know some of the words which are used on livestock farms (farms which have animals) by completing the wordsearch below.

If there is a word that you haven't heard before, ask your farmer. Farmers use these words every day, so they are sure to know!
